PROFESSIONAL EXPERIENCE

NOTCH8 | San Diego, CA (Downtown)   July 2019 to August 2019
Intern Software Engineer
  ➢ Contributed to building version 3 of the education software, REU Manager, along with fellow interns and software engineers.
  ➢ Utilized technology such as Ruby on Rails, React.js, GitLab, Docker and AWS Cloud9.
  ➢ Handled tickets regarding dynamic programming and wrote recursive algorithms to handle nested data retrieval.
  ➢ Learned new languages as necessary, such as .haml to replace html.erb files.
  ➢ Collaborated with various engineers in order to debug and continue personal growth and education.

LEARN ACADEMY | San Diego, CA (Downtown)   March 2019 to July 2019
Graduate, Full-Time Student
  ➢ Implemented newly learned languages and technologies by completing exercises and building programs.
  ➢ Projects completed include, but are not limited to: Pig Latin Translator (JavaScript, HTML, CSS, Jest), Tic-Tac-Toe & Battleship (React.js) and Paw Pals, Apartmentalize and Brew2U (React.js, Ruby on Rails, PostgreSQL, Jest, RSpec).
  ➢ Practiced collaborative programming in the forms of pairs and mobs.
  ➢ Experience instructing weekend Jumpstart course and Build-Your-First-Website within first 5 weeks of class.

KLEAR SHAKER, LLC | San Diego, CA   March 2018 to Current
Co-Founder
  ➢ Currently in communication with factories to coordinate production process, starting with proofs.
  ➢ Continually seeking potential investors in order to fund successful marketing campaigns and allow room for growth into other products.
  ➢ Verified intellectual property behind coating through in-house and third-party testing.
  ➢ Hand drew the original 2D designs for our professional designer in order to build CAD/STEP files.
